

Coonabarabran High School

IN-CLASS ASSESSMENT NOTIFICATION

Subject:	Mathematics Year 8	Weighting:	10%
Teacher:	Atkinson, Eshman	Notification date:	17/03/2025
Task:	AT1	Task date:	28/03/2025

Topics to be assessed:

- Computation with Integers, Percentages and Fractions
- Length and Area, including Circles.

You will be assessed on how well you:

- Work towards correct solutions.
- Demonstrate appropriate methods.
- Communicate your working.

Task description:

- In class test comprising two sections
- Section 1 – Non-Calculator (15 marks)
- Section 2 – Calculator allowed (23 marks)

Submission/equipment required:

Complete all sections of the task.

Submit your summary sheet (1 A4 handwritten sheet – 2 marks total)

A calculator is required for this assessment task.

Outcomes to be assessed: A student:

- **MAO-WM-01: develops understanding and fluency in mathematics through exploring and connecting mathematical concepts, choosing and applying mathematical techniques to solve problems, and communicating their thinking and reasoning coherently and clearly**
- **MA4-INT-C-01: compares, orders and calculates with integers to solve problems**
- **MA4- ARE-C-01: applies knowledge of area and composite area involving triangles, quadrilaterals and circles to solve problems**
- **MA4-LEN-C-01: applies knowledge of the perimeter of plane shapes and the circumference of circles to solve problems**

Suggested preparation for the task:

- Complete revision activities as provided by your class teacher.
- Prepare a summary sheet on the topics to be tested – you will be allowed to take this into the test.
- Check over past tests, assignments, and homework activities.
- Use your textbook to practice additional questions.
- Check that you have completed activities from ATOMI and / or Edrolo.

Feedback (after task completion):

A mark and worked solutions or demonstration of processes will be provided in class.

NOTE: This is a compulsory assessment task. You are to make a genuine attempt at the task, and all rules relating to plagiarism, collusion, and malpractice apply. You are required to be in attendance on the above date to complete the task. Failing to do so may result in the awarding of a mark of 0% and /or a failure to submit warning. If you will be away on the day, you are required to arrange in advance an extension or alternate submission with your class teacher. If you are away from school on the day of the examination due to an unplanned event, you are required to provide your teacher with a note from a parent/caregiver when you return. Follow all guidelines from your Assessment Handbook.

- Check over past tests, assignments, and homework activities.
- Use your textbook to practice additional questions.
- Check that you have completed activities from ATOMI and / or Edrolo.

Feedback (after task completion):

A mark and worked solutions or demonstration of processes will be provided in class.

NOTE: This is a compulsory assessment task. You are to make a genuine attempt at the task, and all rules relating to plagiarism, collusion, and malpractice apply. You are required to be in attendance on the above date to complete the task. Failing to do so may result in the awarding of a mark of 0% and /or a failure to submit warning. If you will be away on the day, you are required to arrange in advance an extension or alternate submission with your class teacher. If you are away from school on the day of the examination due to an unplanned event, you are required to provide your teacher with a note from a parent/caregiver when you return. Follow all guidelines from your Assessment Handbook.

Coonabarabran High School

IN-CLASS ASSESSMENT NOTIFICATION

Subject:	Mathematics Year 8	Weighting:	10%
Teacher:	Atkinson, Eshman	Notification date:	17/03/2025
Task:	AT1	Task date:	28/03/2025

Topics to be assessed:

- Computation with Integers, Percentages and Fractions
- Length and Area, including Circles.

You will be assessed on how well you:

- Work towards correct solutions.
- Demonstrate appropriate methods.
- Communicate your working.

Task description:

- In class test comprising two sections
- Section 1 – Non-Calculator (15 marks)
- Section 2 – Calculator allowed (23 marks)

Submission/equipment required:

Complete all sections of the task.

Submit your summary sheet (1 A4 handwritten sheet – 2 marks total)

A calculator is required for this assessment task.

Outcomes to be assessed: A student:

- **MAO-WM-01: develops understanding and fluency in mathematics through exploring and connecting mathematical concepts, choosing and applying mathematical techniques to solve problems, and communicating their thinking and reasoning coherently and clearly**
- **MA4-INT-C-01: compares, orders and calculates with integers to solve problems**
- **MA4- ARE-C-01: applies knowledge of area and composite area involving triangles, quadrilaterals and circles to solve problems**
- **MA4-LEN-C-01: applies knowledge of the perimeter of plane shapes and the circumference of circles to solve problems**

Suggested preparation for the task:

- Complete revision activities as provided by your class teacher.
- Prepare a summary sheet on the topics to be tested – you will be allowed to take this into the test.
- Check over past tests, assignments, and homework activities.
- Use your textbook to practice additional questions.
- Check that you have completed activities from ATOMI and / or Edrolo.

Feedback (after task completion):
