NAME: _____

TRIGONOMETRY

Part A

Complete all parts of this section. You may use a calculator. Show all necessary working out.

Part B

Your class teacher will take you outside to do the measurements (you will need a tape measure and a clinometer). You may work as a group. However, you will need to complete all sections of this part on your own assignment. Ensure all working out is clearly shown.

Part C

Complete this section in the booklet. You will need to use the grid paper attached to the back page.
